ABOUT THE GAME

In this fast-paced roguelike, your health points are your only resource: sacrifice them to acquire vampiric powers and devour your enemies to heal yourself!

This game is all about risk and reward. Get upgrades to get stronger; but you'll have to pay them with your own life! Find the right balance between being strong and staying alive!

KEY FEATURES

- Only one resource to manage in real time: your health
- Fast-paced, dashy and colorful combats
- Replayability through a variety of upgrade choices and build
- Level the difficulty by playing slow and steady or greed your way to the end... at your own risks!
